

### MIX HAD PAPERS IN DISPUTE OVER AVIATION PRIZE

**Friends of Supposed Suicide Asked to Hold Them for Secretary of Aero Club.**

Paris, Nov. 15.—Nothing developed today to throw further light on the disappearance of Edgar W. Mix, the American consulting engineer and aviator, who is supposed to have committed suicide by dropping overboard from a mailboat during the passage from Dover to Calais Sunday night. P. O'Brien Murray, an American banker in London, has written friends here saying that he dined with Mix Sunday evening, when the other told him that he would return to Paris that night. Mr. Mix had the papers presenting the American side in the case of the rescue of Liberty flight, the prize for which was awarded successfully to John E. Moisant, the American who was later killed, and Count De Lesseps, and which is to come up on appeal by the American Club, who is now on the way to Paris.

The text of the letter which Mix left for the captain of the steamer was paraphrased here today by the American agent at Calais, Mr. Mifner. It follows:

"St. Ermin's Hotel, London, Nov. 15, 1911.

"Dear Sir:—Please excuse me for troubling you to have the letters in my overcoat pocket posted on arrival in Calais. They announce to interested parties the fact that on account of my great mental depression and the feeling that I am losing my mind, I have jumped overboard from this steamer since it left the English Coast on this trip and am undoubtedly drowned before you see this letter.

"Please also send my overcoat to my address in Paris, 12 Boulevard des Invalides. My other baggage has been checked through to Paris and the baggage checks, to my secretary, Pierre Hablitzel.

"Yours very truly,  
E. W. MIX,  
12 Boulevard des Invalides,  
"PARIS."

**Noted Salesman Found Dead.**

M. K. Shannon, a lace salesman, who, twenty years ago was considered the best judge of laces in the business, was found dead today in his room at the Hotel Courty, No. 92 Broadway. He seemed to have died in his sleep from natural causes but because he had not been attended by a physician, the coroner was notified.

### CHRISTIAN BROTHERS VICTIMS OF RUNAWAY.

**One May Die and Driver Is Believed to Be Hurt Internally.**

The physicians in charge at the infirmary of the Christian Brothers' College at Pocantico Hills to-day said that Brother Camillus, director of music at the college, may die from injuries received yesterday afternoon in a runaway that caused the injury of Brother Camillus, Brother Anselm, professor of languages, two visiting brothers from New York and a driver.

The driver was taking the four brothers from the college property to Tarrytown, where they expected to take a train for New York. As the road from the property approaches the town it winds down a steep hill. The horse became frightened and ran down this hill. At the foot of the hill are two stone pillars and the occupants of the carriage were thrown violently from their seats against the upright pieces of stone. Brother Camillus had his left arm broken, right leg broken, ten teeth snapping out, and two eye cuses were made on his head.

Brother Anselm's ankle was dislocated and he was badly bruised. The two visiting brothers were badly bruised. The driver is reported to have been injured internally.

All of the injured were taken to the college infirmary.
